

Eisenberg Art at Home!

Hello Eisenberg Artists! I miss seeing you in person but I have put together a list of activities for you to be creative every day! I will share a new theme of activities every week that can be completed on-line or with materials you have at home. You can click on the underlined words which will take you to a video or website with more info. ALSO, you can check out my [website](#), [Instagram](#) or [Facebook](#) page for other fun art stuff! All of the resources will remain here for you to work at your own pace. I'll be on Zoom to meet with you, check Schoology for the link!

Faces, People, Portraits

Week 2 - April 14th ⇒ 17th

Portraits are pictures of people. Throughout time, artists have created portraits of important people so their image can be saved forever (especially before cameras were invented). Some artists create self-portraits to express their emotions. The word 'selfie' comes from self-portraits.

Everyone's face has the same proportions, proportions are how big or small an object is to another object. [Watch this video](#) on how to draw a face. Let's learn about the [most famous portrait in the world!](#)
